Senior Moments

Has anyone heard of the "FIXIT PROGRAM sponsored by CAP? What a great idea for senior citizens (only)! Our eyes lit up when we learned there are volunteers who will change the battery in our smoke detector or replace a light bulb. They do things that we used to do but no longer can (without challenging our health insurance). We all started thinking of what a great way to get rid of our frustrations when trying to get our busy kids to stop in and help. Even our kids will like this idea. If any other seniors are interested in this helpful program, just call 1-800-556-9300 or 603-430-4923. They will send you a brochure listing the things they do. This includes light carpentry work, repairing windows, weatherizing for the winter, removing air conditioners and much more. They even do windows! Give them a call. We did.

Kids are back in school and we're back on the Blue Bird bus. Our first trip will be to the Lowell Museum in Lowell, Mass. We've all driven by the museum and said, "we'll stop there one day". Well, retired seniors can make the "one day" happen whenever we want. So we did. We're going to take the boat ride through the canals along the mill buildings and learn their history.

We just realized that the last time we visited our State Capitol was on a crowded noisy yellow bus. Time for another visit. This trip will include the State Library where many historic New Hampshire items are on display. Hopefully, one of our Legislators will be our tour guide.

The Castle in the Clouds is on our calendar for the foliage season. We hope to see Mother Nature's paintings of the multi-colored trees, bright skies and endless spots of blue lakes. This will be an exciting trip. We also learned they have a food cafe at the Castle. Oh well!

Our annual trip to the Demeritt Apple Farm in Lee is one of our favorites. We pick apples and enjoy a long bumpy ride on the wagon. After that workout, we relax and enjoy cider, apple pie and ice cream. It's always a great day. We're going to skip the Corn Maze this year. We tend to get lost.

We're still making Christmas Stockings for the soldiers but our new project is obtaining back-to-

school items for Epping Children. It's fun to buy and this is the best time to get some great sales. We are happy to help the Epping Community Church with this worthy project. If you want to help, just call 679-5542.

During the last few weeks, we learned the secret of staying COOL. It's really more of a Revelation. A trip to the new Market Basket will bring your temperature down - fast.

Don't forget, we meet the second Thursday of the each month at the Watson Academy at 1:00 pm. Visitors are always welcome. Seniors may stay.

Here we go.....another little tidbit. Did you know that God gave Angels wings and humans chocolate? We really are blessed!!

TALES FROM EPPING'S PAST INDIAN MASSACRE IN EPPING!

Before 1741, when we were separated from Exeter and named Epping by Gov. Benning Wentworth, we were called "Tuckaway", and were an ancestral home to Native Americans and new home to an increasing number of white settlers from England..

At first the settlers and Natives got along to mutual advantage. But in time the Natives found their lives so changed by the newcomer's laws and the steady taking of their lands, that they became desperate to regain their losses. They started attacking their former friends in the same savage way. They fought each other and by the early 1700's we were in full and bloody warfare during which an estimated ten per cent of New Hampshire men were killed by Indian raiders in one year. The fearful settlers carried guns everywhere for protection.

Three hundred summers ago near Hedding Campground, an Indian attack occurred which forever marked our history and gave the Natives some closure in theirs. Their target was Col. Winthrop Hilton, a brave daring soldier, adventurer and famous Indian fighter described as "tall, muscular" and "of the black eyes and bright gun".

Before the Indian uprising he had been very friendly with them, trading for furs, earning their trust, learning their language, customs and ways until he could coolly "out-Indian any Indian".

Then, during the Indian Wars, he led several expeditions against them from New Hampshire to Nova Scotia and ultimately became a famous bounty hunter, paid for the scalp of every Native he took down. They had long decided he had to go. One rainy summer day, the Indians silently waited and watched as the object of their fury worked in the woods with seventeen others, including his brother Dudley, cleaning up trees slated for England's shipbuilding and masts. The ambush was sudden and swift for they knew better than to give the man time or opportunity to outwit them yet again. Hilton and two of his men were quickly shot and killed. Dudley, taken captive, was never heard of again. Without having fired a shot, the others ran back to Exeter village, sounded the alarm and returned with a rescue party to view a scene of massacre. The remains of one man were buried where he was found and still lies in an unmarked grave somewhere deep in our woods. Hilton's body, found with a tomahawk in his brain and a lance through his heart, was solemnly carried to his home in the present town of Newfields, close to the Epping line, and buried near the Lamprey River with great sorrow and full military honors. The gravestone that marks his resting place remains the most ancient and one of the most beautiful to be found in that town.

Six months after his murder, Hilton's wife Anne gave birth to their son and named him after his father. Seven years later, in 1717 and remarried, she put up for sale a "house, barn and a considerable quantity of land & marsh being the home of the late Col. Winthrop HILTON".

Scouting Around Epping

Cub Scout Pack 136

Twelve Cub Scouts from Pack 136 spent a week at Camp Carpenter early this month. Activities included swimming, boating, archery, and visits to the Native American area, the fort, and Pirates Cove. The Cubs and their leaders came home excited about the Cub Scout program and are waiting for your 1st grade to 5th grade student to come look at the Scouting program as we enter into our 101st year of the Boy Scout program. Join us at the Epping Elementary School on September 15 between the hours of 6:00 pm and 8:00 pm. Some of our Den Leaders will be there with all the information and applications for joining our Cub Scout Pack.

Our first Pack meeting will be held at the Scout Park located behind the Epping Safety Complex, 37 Pleasant Street. Parents are encouraged to bring interested boys to this event to see what goes on in a Cub Scout Pack. The time is 6:30 to 7:30 pm. If the boy decides to join, we will have applications at that time also. Bring your lawn chair. In the event of rain, the meeting will be held at the Epping Community Church, 4 Pleasant Street.

It's time for Scouting's annual Popcorn Sale. Trails-End Popcorn has teamed up with the Boy Scouts of America for this fund-raiser. They have a program of profit to benefit both the local Pack and Troop and the Boy Scout program nation wide. There are prizes to be earned by the Scouts including a scholarship program. Please consider purchasing some of our popcorn when a Cub or Boy Scout comes to your door. The Popcorn Sale starts now and will continue until the end of October. You may purchase Popcorn products online as well and benefit your favorite Scout.

Boy Scout Troop 136

Boy Scout Troop 136 also spent a week at camp this summer. They attended the Hidden Valley Scout Camp located in Gilmanton Iron Works. The Scouts had the opportunity to work on advancement including a wide choice of Merit Badges. The next Boy Scout meeting will be September 13, at the lower level of the American Legion Post on Route 125. All young men, ages 11 to 17, are welcome. Come to the Legion on September 13 at 6:30 pm and see what we are all about. The Boy Scouts of America just celebrated their 100th birthday with the 37th National Jamboree held this summer at Fort A. P. Hill located near

Bowling Green, Virginia, and are ready to begin their second hundred years. At the Jamboree, there were many Eagle Scouts present, but most notable were Robert Gates, our Secretary of Defense, and Mike Rowe of Dirty Jobs and Dangerous Catch. The funniest story was Robert Gates telling of a father-son camping trip while he was the head of the CIA. Camping lost some of its flavor due to four black government SUVs parked near the camp and Secret Service men surrounding the camp.

The Civil War Roundtable of NH

My Trip to Gettysburg

Submitted by Dan Bennis

Gettysburg, the name conjures up images of Battlefield memorials, tours and visits to souvenir shops. Not to mention the 1993 movie. This battlefield draws thousands of people from all parts of the US and the world every year.

This past June myself along with four members of the Civil War Roundtable of NH, drove approximately 700 miles to revisit another time. I must tell you, as historians, we did not tour or visit the battlefield, but we allowed ourselves to become part of this historic place. To understand Gettysburg, I will share some history of this epic battle.

In spring of 1863, after Confederate General Robert E. Lee had been victorious at the Battle of Chancellorsville, Virginia, he led his army through the Shenandoah Valley to begin the second invasion of the North. His plan was to penetrate Pennsylvania as far as its capital, Harrisburg or the city of Philadelphia. Alarmed citizens informed the Union Army, now under General George Meade, who moved his forces toward Pennsylvania, looking for Lee's army. By mistake or fate both armies

would meet at Gettysburg, a town in southern Pennsylvania, where many roads came in and radiated out in all directions; to Washington, DC, to points in Maryland including Baltimore and to Harrisburg and other points in Pennsylvania, making it a strategic center for an army. This unknown town would unknowingly become a site for the war's most pivotal battle. In fact, it was an accumulation of engagements culminating in a three-day bloody battle.

FIRST DAY On July 1st, the 2 armies collided with infantry and cavalry units fighting each other. However, when large amounts of Confederate reinforcements assaulted from NW of town, Union forces were forced into the town of Gettysburg on the defense.

SECOND DAY July 2nd dawned with both armies facing each other. Lee launched an assault against the Union army's left flank. Fierce fighting, including bayonet charges by the 20th Maine Regiment commanded by Colonel Joshua Chamberlin, occurred at Little Round Top and more fighting broke out at places like the Wheatfield, Devil's Den and Peach Orchard. Meanwhile on the Union's right, assaults took place on Culp's Hill and Cemetery Hill. There were heavy losses on both sides.

THIRD DAY On July 3rd fighting resumed on parts of the battlefield. Later, Union and Confederate artillery opened up and fired rounds against each other. It was said to be the largest Artillery engagement of its time. What followed was the assault that would be known as "Pickett's Charge", beginning with the advance of 12,500 Confederate soldiers against the Union center on Cemetery Ridge. The assault failed with 50% losses. Lee's army retreated to Virginia on July 4th. The battle of Gettysburg cost a total of between 46,000 to 51,000 lives, out of the approximately 175,000 combined forces.

While at Gettysburg, we went to Little Round Top and watched the sunset and I stood looking out over the battlefield, reflecting on the many engagements of those three days.

The next day, along with a superb tour guide whom we know, we literally walked across the very field where "Pickett's Charge" took place. The fact that we were following this path in the same kind of heat these over 12,000 Confederate soldiers bravely faced while facing intense artillery fire, made us respect those brave men. During the rest of our stay, as we walked different parts of the battlefield, we thought about all those fighting this battle in the heat, wearing wool uniforms.

Other than the battlefield, there are historic homes, museums and restaurants of all types. To sum it up, this is a place that everyone should visit and experience, more than once. Stop by the National Park Service and Visitor Center, where you can get information on how to visit the park (not to mention cooling off from the heat). Hours are: (Nov 1 to Mar 31) 8 am to 5 pm (April 1 to Oct 31) 8 am to 6 pm)

Both programs are available to any who find themselves in time of need.

There is no charge or fee required to receive help from the Food Pantry or for the Thursday luncheon meal. Caring individuals make these programs possible.

During the 2009 calendar year, the food pantry program served over 1500 families and individuals. A very special "thank you" to those who join us in caring for others.

The **FOOD PANTRY** is open two times weekly, January through December. Canned goods, bakery items, sundries, meats, and other staples are often available through the pantry. We realize that every want may not be met. But the FOOD PANTRY attempts to be a transitional help and temporary assistance to those for whom the FOOD PANTRY plays an important part in meeting their nutritional needs.

Whether for an aging parent, a home alone elder, a shut-in or any other need, TELEPHONE CARE provides comfort and assurance knowing that someone is calling to be sure you are okay.

This program is provided all year long. If you are interested in having TELEPHONE CARE for yourself or someone you love, call 679-5542 and leave your name and telephone number where we may call you and talk further. There is no cost or fee associated with this program.

FRIDAY NIGHT PIZZA has resumed from 5 to 7 pm. Many in our community enjoy pizza and knowing that they are helping us achieve our goal raising \$500,000 toward our building program. As of print time we are looking for a new student assistant to work in the evenings since our much-loved Marissa has moved on to George Mason University in northern Virginia. The student needs to be 16 years of age to work the weeknight shift in the children's room from 5 to 8. On Monday, Wednesday, Thursday and Friday evenings this assistant will be running the circulation desk downstairs, shelving books, helping with Pajama Nights and prepping for other children's programs as well as processing new books and movies. We hope to fill this position shortly after school starts, closing applications on September 9th. Interested students are invited to stop by the library during the day for a job description and an application.

All summer patrons have commented on the lovely new gardens and landscaping in front of and behind the library building. We owe a huge debt of gratitude to our own Debbie Allen, who decided something should be done... and then set about making it happen! Many thanks to the many volunteers, including members of the Garden Club and Epping's Daisy Troop who dug, cleared, raked, spread, planted, weeded and watered the various flower beds throughout the spring and summer. It has been a lovely transformation for the town. Thank you Deb and friends!

Coming Up in September and October: For Adults:

The **Eclectic Book Group** is reforming. This group will be meeting on the first Wednesday of each month at 7:00 pm. An organizational meeting is scheduled for September 1st. Share good conversations about great books!

The library has been awarded 2 grants from the New Hampshire Humanities Council for programs this fall. Please join us for **"Songs of Old New Hampshire"** on Thursday, September 30th at 7:00 pm. Presented by Jeff Warner, Folklorist and Community Scholar for the New Hampshire Council on the Arts, these ballads, love songs, and comic pieces reveal the experiences and emotions of daily life in the days before movies, sound

recordings, and for some people, books. Mr. Warner will perform on concertina, banjo, guitar and several "pocket instruments" such as bones and jew's harp as he sings 18th and 19th century songs from lumber camps, textile mills, ship decks and the war between the sexes. He has been a State Arts Council Fellow and has toured nationally for the Smithsonian Institution and has recorded for Flying Fish/Rounder Records as well as other labels.

The second Humanities Council program will be on Thursday, October 7th at 7:00 pm. Dr. David Watters will present **"New Hampshire Gravestones"**. He has his PhD from Brown University and is Director of the Center for New England Culture and Professor of English at UNH. Co-editor of "The Encyclopedia of New England", Dr. Watters is the author of books and articles on New England literature, culture, history and gravestone art. He is a trustee of the New Hampshire Historical Society, the Robert Frost Homestead Foundation and the Portsmouth Black Heritage Trail, and serves on the State of New Hampshire Historical Resources Council. His talk will illustrate the religious beliefs, history and community values of the dead and the living, and he will explore the development of colonial New England traditions from burying grounds and cemeteries across the state.

The New Hampshire Humanities Council nurtures the joy of learning and inspires community engagement by bringing life-enhancing ideas from the humanities to the people of New Hampshire. They connect people with ideas. Learn more about the Council and its work at www.nhhc.org.

September 23 – "*Ondine*" – a fantasy-drama film directed and written by Neil Jordan and starring Colin Farrell and Alicia Bachleda. This film tells the story of an Irish fisherman who discovers a woman named Ondine in his fishing net whom he believes to be a selkie or mermaid. Can she be trusted? What is her real secret? And who is the menacing man lurking around town spying on her? Like all fairy tales, enchantment and darkness go hand in hand.

October 28 – "*The Messenger*" – a 2009 drama starring Ben Foster, Woody Harrelson, Jena Malone and Samantha Morton. Having premiered at the Sundance film Festival, this film received first prize for the 2009 Deauville American Film Festival and nominations for Independent Spirit Awards, Golden Globes and Academy Awards. Having just returned from active duty, Staff Sergeant Will Montgomery is reassigned to Casualty Notification duty, what many call "the worst job in the army". Partnered with a jaded veteran of the job, he faces the challenging task of remaining professional yet compassionate, while carrying out this tough duty with honor and respect.

For Children

Summer Reading Program: Make a Special Splash! Once again, Epping Elementary School librarians Barbara Young and Maryann Nicosia provided an imaginative and creative program for 172 children from preschool through 6th grade. Over the course of 6 weeks they read 68,474 minutes, earning "Splash cash" to spend at the Summer Reading Store, and exploring the topics represented by the schools "specials" (art, music, physical education, computer and library). The more reading kids did the more pages they could make for their Special Splash Scrapbook. Participants who have not yet assembled and picked up their scrapbooks are invited to come by the library and ask for their

summer folder. We can help you put it all together for posterity. This year's student helpers were Tess Kucera and Colin Nollet. We also had volunteer help from Ryen Gallagher. Thank you all for a wonderful summer!

Preschool Storyhour switched back to its regular schedule on August 11th, meeting again on Wednesdays at 10:30 and Thursdays at 10:30 and 1:30. Thank you to all the parents who adjusted their little ones' schedules during the summer reading program weeks.

Pajama Night: 2nd Friday each month at 6:30 pm. Wear your PJ's and bring a snack to share to this fun family event for kids ages 2-8. Crafts, stories and a library-wide scavenger hunt alternate with PJ Movie Nights approximately every other month.

September 10 - "A is for Apple". Stories, crafts, games and a scavenger hunt with the common themes of the letter A and the best fall fruit around. If you have a favorite apple recipe, feel free to adapt it for our snack table.

October 8 – PJ Movie Night featuring "Marmaduke" (rated PG for some rude humor and language). Bring a camp chair or pillow, a spill-resistant drink and a snack to share.

Story Explorers: This after school program for children in kindergarten, first and second grades meets on Tuesdays from 3:30 to 4:30. There are 3 sessions during the year, each requiring pre-registration, as the class size is limited to 10. The fall session will be our annual author study beginning September 28th. The winter session finds us preparing a theatrical presentation of a popular children's book, and the spring session focuses on the art and science found in storybooks. Snack is provided and parents are requested to remain in the building during class time. Call 679-5944 to register.

7th Annual Halloween Party: Friday, October 29th from 5:30 to 7:30 pm

Come in costume for traditional Halloween games and our spooky scavenger hunt! This is a hugely popular HMML tradition for ages 2 to 8 and their families. Come join us!

Miss Tracie's Costume Closet: Last year we assembled an impressive collection of gently used costumes for library patrons to borrow for Halloween. We will accept more donations this year, making all the costumes available beginning October 2nd. Save money and effort....re-use!

Friends of the Library

The Friends will be getting back to business now that fall is upon us. Their next meeting will be on Monday, September 13th at 7:00 pm. The Friends meet once a month during the school year, and provide wonderful "extras" for the library beyond what the town budget allows. If you are looking for a way to help the library, now is a great time to join this vibrant group. Please contact Friends president Nancy Andrews at the library for more information.

Remember, the Friends also host an on-going Food Pantry Donation Box in support of Epping's Food Pantry, which has seen increasing use in recent months. Non-perishable items are always welcome to help neighbors who may be struggling to make ends meet. The box is located near the front door on the main level of the library.

Families First of the Seacoast

Families First brings 'Family Morning Out' and '1,2,3 Magic!' to Epping

Families First Health and Support Center invites residents of Epping and nearby communities to attend two free programs for parents and families this fall.

Family Morning Out is for children ages birth through 6 and their caregivers. The first half is family time, with play, song circle, creative activities, snack and story. In the second half, children have fun with our child care staff, while caregivers have some adult time. Facilitators are Susie Bright and Jodi Foster. The group will meet every Thursday starting Sept. 9 from 9:30 to 11 am at Epping Recreation Department, Watson Academy, 17 Academy St.

1,2,3 Magic! teaches parents of children ages 2-12 the technique developed by psychologist Thomas Phelan to stop kids' whining, arguing and testing and start responsible behavior. This time-honored approach helps parents stop getting sucked into arguments and manipulation, so they have more time to enjoy family and be the calm leaders their children need. Bob Pavlik, M.Ed, will teach the class. It meets Thursdays, Sept. 30 - Oct. 14 from 6:00-7:30 p.m. at Epping Elementary School.

There is no charge to attend these programs, but

advance signup is required. To sign up, call Families First at 603-422-8208 (press 2).

Families First, the Seacoast's community health center, has been providing parent education for over 15 years and offers a wide range of classes and support groups as well as affordable health care. For more information, visit www.FamiliesFirstSeacoast.org.

Michael Floyd

Representative Penn Brown and member Dave Clapp present Epping High School senior, Michael Floyd, with the first Service to the Community Award given by the Epping Democrats. Floyd, class of 2010, was recognized for outstanding contribution to the Epping community during the last year having organized a blood drive in Portsmouth and for his work as a volunteer with the Epping Fire Department. He received a \$200 savings bond. The award recognizes a student who helps to build a rich and supportive community in Epping, a community of people who know each other and lend a hand when it is needed. He was nominated and chosen by a panel of Epping High School teachers. Recipients are chosen regardless of any partisan affiliation. The service recognized is done in the spirit of volunteering and not just to meet any requirement for membership in an organization.
